Air Hygiene International, Inc. is a privately held professional service firm incorporated on March 1st, 1997. Its mission is to reduce its client's exposures to regulatory, civil, and criminal liabilities related to air emissions through superior testing services, risk identification, and management services. **Air Hygiene** accomplishes this mission by looking beyond mere compliance, toward strategies that encompass potential future liabilities as well as community responsibility.

Headquartered in Broken Arrow, Oklahoma, Air Hygiene serves clients throughout the continental United States as well as internationally. Its client base includes companies from various industries including oil and gas companies, utilities, manufacturers, and others.

Air Hygiene has thirty (30) emission testing labs, capable of testing real-time pollution data as well as providing remote transmission of data and continuous, 24 hour testing services to meet the needs of our wide variety of clients.

Our pricing and flexibility are second to none. **Air Hygiene** takes pride in our testing efficiency, incredible service, and flexibility.

Below are some examples of the high level profile customers served by **Air Hygiene**. Please contact us for more information about employment at **Air Hygiene**!
